Mission-Focused Solutions

MSTI has 32 years of program management, project management, and records and information management success supporting defense and civilian agencies. Our Professional and IT Services (CONUS and OCONUS) help clients modernize and transform their operations. For instance, our physical and electronic records management services help agencies achieve records compliance via records inventory, file plan development, retention schedule management, and disposition management. These and all other MSTI solutions increase productivity and streamline operations. We achieve these results through customized partnerships with industry leaders.

MSTI is a Prime on prominent procurement vehicles, including three Best-In-Class (BIC) vehicles. We are ISO 9001:2015 and ISO 20000-1:2018 Certified, with a DCAA-compliant accounting system. MSTI maintains an above-average retention rate by employing cross-trained, loyal personnel.

ABOUT

MSTI delivers best-in-class ISO based services and solutions to Federal and Defense customers nationwide and overseas (CONUS & OCONUS).
